01

This message includes our proposition  
to patients travelling abroad in order  
to obtain health services.

It combines the dual advantage  
that OPHTHALMICA clinic  
provides high-quality medical services  
in a magnificent landscape  
with unique archaeological sites.

# Welcome to Ophthalmica

02

## **OPHTHALMICA is an innovative private One-Day Eye Clinic based in Thessaloniki, Greece**

Every year, OPTHALMICA helps thousands of people to see better. The clinic covers the entire spectrum of ophthalmology, in the areas of diagnosis, therapy and all surgical interventions, using state-of-the-art medical technology, the highest standards of quality and up to date scientific knowledge.

The highly trained and dedicated team of specialist ophthalmologists has expertise in a wide variety of eye conditions. The ophthalmologists are supported by an excellent and qualified team of nurses, technicians and administrators, who continually strive to improve the quality and care delivered to the patients.

The clinic treats yearly approximately 20.000 domestic and international patients, 4.000 of them surgically.

## **Magnificent landscape, Fabulous archaeological sites**

THESSALONIKI is a wonderful city with great history which goes deep in the centuries. It has been an important Roman and Byzantine crossroad and this is obvious along the city. In our days Thessaloniki is the second largest city in Greece and is well known as the “jewel of the north”. There are many sites of interest in the city as well as many museums and admirable Byzantine churches. Thessaloniki is full of life which somebody can experience in the crowded streets during the day as well as at night. In other words it is a perfect destination for any visitor. Another trendy destination near Thessaloniki is CHALKIDIKI. It is a region with lovely beaches and impressive Byzantine monasteries. Mount Athos or Agion Oros, as it is locally known, is the oldest surviving monastic community in the world. It dates back more than a thousand years, to Byzantine times. CHALKIDIKI is one of the most popular tourist destinations in Greece.
